

10 functional features for basic functionality of the Hillel garage website by User Story format:

1. As a guest, I want to open Hillel auto website and log into my personal account so that make me able to work with my Garage data.
2. As a registered user, I put check mark "Remember me" so that site system will remember my login and password and next time site will not demand it.
3. As a new registered user, I want to explore car information so that I open Instructions section on sidebar.
4. As a registered user, I want to add a new car in garage so that I click on "Add car" button.
5. As a registered user, I want to remove car from cars list so that I click on "Edit" button and press "Remove car".
6. As a registered user, I want to change Audi X5 car model to X6 model so that I click on "Edit a car" menu and choose needed model.
7. As a registered user, I want to explore fuel information about cars so that I open Fuel expenses section on sidebar.
8. As a registered user, I want to view my profile information so that I open Profile section on sidebar.
9. As a registered user, I want to change settings on my account so that I open Settings section on sidebar.
10. As a registered user, I want to logout from Hillel auto website so that I click the button "Log out".
